## COMMITTEE'S METHODS SCORED

Roosevelt Leaders in Letter  
Declare Taftites Are De-  
stroying Party

ARE DISENFRANCHISING  
RANK AND FILE OF VOTERS

Letter Gives Warning of Bolt—  
Placing Responsibility on  
Unjust Actions

CHICAGO, June 15.—Bitterly arraig-  
ing the Republican National  
committee for its manner of seating  
Taft contestants, and apparently giving  
warning of the possibility of a bolt  
and the formation of a third party,  
Governors Johnson of California,  
Massey of South Dakota, Glasscock  
of West Virginia and Stubbs of Kan-  
sas, today signed an open letter to the  
committee.

The letter also bears the signatures  
of prominent progressives from a  
dozen states. It accuses the commit-  
tee of prostituting the position it oc-  
cupies, and of assassinating the Re-  
publican party. It demands the resen-  
deration of its "unlawful acts."

The signers declare that the letter  
was written "in order that hereafter  
the matter may be on record." This  
statement is regarded as portentous.  
The letter said in part: "You are  
perpetrating gross frauds and disen-  
franchising Republicans in many  
states. You are engaged in a delib-  
erate attempt to thwart the will of the  
rank and file of the party, and thus  
convert the party of progress into a  
party of reaction. We know it; you  
know it, and the nation knows it. We,  
in our individual capacity and that  
of the Republicans we represent, will  
not tolerate or submit to your out-  
rageous larcenous acts. Unless you  
rescind your fraudulent actions and  
decisions, upon you shall rest the re-  
sponsibility of the assassination of the  
party. For all time you will have  
the contempt and execration of all  
liberty-loving, square-thinking and re-  
putable Americans."

WHAT THE LEADERS SAID  
AS ROOSEVELT DREW NEAR  
"The sight of the Colonel's fighting  
face will be the last straw needed to  
completely rout the Taftites," was  
the statement today of Senator Borah,  
the Roosevelt leader.

"The Colonel is licked. A volume  
of sound never re-nominated anyone.  
Roosevelt's coming proves that his  
managers here have been unable to  
save him. Bluff and bluster avail  
nothing," was the statement of Wil-  
liam E. Barnes, the Taft leader, and  
chairman of the New York Republi-  
can committee.

"Roosevelt's arrival will be a gala  
event but will not change a single  
vote in the convention. That body is  
fireproof. It can not be stampeded.  
Nothing occurring within the next few  
days will disturb the situation. The  
outcome of the convention including  
the platform, is certain," is the state-  
ment of Manager McKinley of the Taft  
forces.

GARFIELD SEES ENOUGH  
DELEGATES IN SIGHT  
FOR ROOSEVELT TO WIN

CHICAGO, June 15.—Former Sec-  
retary of the Interior Garfield de-  
clared today that Roosevelt has 498  
delegates whose names he is willing  
to announce, and 50 more whose  
names he will keep secret, fearing the  
Taftites will endeavor to "whip them  
back into line."

Governor Stubbs of Kansas was  
prominently mentioned today as a  
vice presidential possibility.

TAFTITES GOBBLE ALMOST  
ALL IN SIGHT TODAY

CHICAGO, June 15.—Taft's com-  
mitteemen over-ruled the Roosevelt-  
ers, and postponed the hearing of the  
Texas contests for the second time,  
deciding to first consider Virginia.  
When the Roosevelt claimants from  
Virginia and Washington failed to ap-  
pear, however, the committee voted  
to consider Texas immediately. De-  
spite Cecil Lyon's protest that the  
Taft delegates at large were not con-  
testants because they failed to file  
their contests within twenty days be-  
fore the committee met, the commit-  
tee voted to seat them, 8 Texas Taft de-  
legates-at-large.

The Taft delegates from the first  
and second Texas districts were also  
seated.

Taft delegates in the Fifth,  
Fourth, Seventh and Eighth Texas  
districts were seated.

Taft delegates in the Fourteenth  
Texas district were seated.

The Roosevelt delegates from the  
Third Texas district were seated.

TEXAS HAS NO LEGAL  
ELECTORS SAYS LYON, IF  
TAFTITES ARE NAMED

"Don't do that for God's sake. Re-

## Californians Reach Chicago— Women Honored

CHICAGO, June 15.—Carrying  
eighty Californians, includ-  
ing the convention delegates, the  
California special arrived this  
morning and was greeted by  
Governor Johnson and other Cal-  
ifornians.  
Mrs. Florence Collins Porter  
and Mrs. Blaney, the only women  
delegates to the National conven-  
tion, were seated in an ancient  
stage coach, that headed the pro-  
cession to headquarters.  
Greeting the California dele-  
gates Governor Johnson declared  
that "California will not be dis-  
enfranchised by the National com-  
mittee's action. All the Roosevelt  
delegates will vote."

## Local Aviators In Demand For Fourth of July

LONG BEACH, June 15.—Local avi-  
ators are in great demand for exhibi-  
tion work on the Fourth of July.  
Champion, Stittes and Dougherty of  
this city having received offers  
amounting to as high as \$2,000 for  
two flights on Independence Day in  
Montana. Stittes will fly at Billings,  
Montana, July 1, 2, 3 and 4.

Champion plans to take his mono-  
plane East and enter the American  
Circuit races in and about Chicago.

## Wheat Market Has Collapse Yesterday

CHICAGO, June 15.—The wheat  
market suffered a collapse in Chicago  
yesterday by reason of rains in the  
crop regions, and closing prices were  
the lowest reached on the present de-  
cline.

## Highest Beef Prices Ever Recorded in Chicago

CHICAGO, June 15.—Beef cattle  
sold for \$8 per hundredweight in Chi-  
cago yesterday, the highest price re-  
corded there.

## Quake Destroys Costa Rican Village

SAN JUAN, Costa Rica, June 15.—

perished.

## No Indictment of Standard Expected This Week

LOS ANGELES, June 15.—The Fed-  
eral District Attorney conferred  
lengthily this morning with Earl  
Standard, the alleged defaulter of  
the Pomona bank. He refused to di-  
vulge the subject of the conference.  
The indictment is not expected this  
week.

## \$50,000 Fire In S. P. Freight Yards in Chicago

CHICAGO, June 15.—Fire in the S.  
P. freight yards this afternoon has  
already destroyed \$50,000 worth of  
property, and \$100,000 worth is en-  
dangered. 100,000 cubic feet of gas  
is within ninety feet of the fire and  
may ignite. The water works was  
damaged \$25,000.

## man Capers of South Carolina when the Republican National committee, after refusing roll call, seated the Taft Fourth Texas district delegates.

C. S. Bryan, during his arguments for  
the Taftites, admitted that Roosevelt  
had overwhelmingly controlled the  
convention. The Taftites argued that  
the Texas election laws were wrong  
in giving small counties equal repre-  
sentation with the large counties.  
Lyon, the Texas committeeman, then  
declared that if the Taftites were  
named, the Republicans have no legal  
electors, as the Secretary of State  
had certified the Roosevelt delegates.

## ZAPATA LAST 2-DAYS FIGHT

Zapata Himself Wounded—  
End of Rebellion in Mexico  
Believed Near

## MEXICO CITY, June 15.—

Confirmation has been received  
here of the defeat of the rebel  
general, Zapata, by General  
Robles after a two days' bat-  
tle in the State of Morelos.

Zapata was wounded. 200  
rebels were slain and 200 cap-  
tured and the remainder were  
routed. The end of the rebel-  
lion is believed to be near.

## WILSON'S PLACE AT EL TORO RAIDED

Man Who 'Was Fined Three  
Years Ago For Selling Liquor  
is Again in the County Jail

## TRIED TO ESCAPE BY THE BACK DOOR

Sacks of Bottled Beer and  
Demijohns of Wine Taken  
by Officers

The officers landed one of the shift-  
lest blind pig operators in the county  
last night when they took "Gimple"  
Wilson of El Tero into an automobile  
and brought him to Santa Ana. With  
Wilson was brought a quantity of  
liquor, including six sacks of bottled  
beer and several demijohns of wine.  
Wilson has been a nuisance in the  
El Tero district for some time. Some  
of the residents in that vicinity re-  
frained from complaining against  
him for fear that his resentment  
might take some material form.

Yesterday men sent to El Tero by  
District Attorney West and Sheriff  
Ruddock made a search of liquor  
from Wilson, and on their return here  
a search warrant was issued by Jus-  
tice Cox. District Attorney West,  
Deputy Sheriffs Squires and Ramsey  
and Constable Heard went to El Tero  
by automobile. Wilson's shack is sit-  
uated in a barley field south of El  
Tero. When the officers arrived, one  
of them was stationed at the back  
door, and it was well that this was  
done, for when entrance was deman-  
ded at the front door Wilson endeav-  
ored to escape by the back door.

Wilson was brought here and was  
placed in jail. About three years ago  
Wilson had a similar experience to  
that of last night. At that time he was  
peddling liquor, making his headquar-  
ters in a shack this side of El Tero.  
He was arrested and fined, a liquor  
company paying his fine. Wilson is a  
cripple.

## Twelve Cars Still Unsold

Association Expects to Sell  
Hold-Over Before New  
Crop Comes on

It was reported yesterday that the  
remainder of the association's ap-  
prots had been sold, all to one firm,  
but the report was denied this morn-  
ing by C. F. Bennett of Tustin, one  
of the directors in the association.  
He said that the association had  
been trying for some time to sell the  
rest of the crop, and had had several  
offers, but all of these offers had  
been for less than the directors be-  
lieved they should receive for them.  
The prices which are being asked for  
the remainder of the crop range from  
eight cents for the poorest fruit to  
ten and a half cents for the best.  
The association has about twelve  
carsloads still unsold, and of this  
number ten carsloads are packed. Ben-  
nett said that the intentions were to  
dispose of last year's crop before the  
new crop comes on if the directors  
can get about what they think they  
should receive.

## JOHANNSEN TAKES THE RESPONSIBILITY

Declares He Moved Mrs. Cap-  
lan to Save Her From the  
Burns Detectives

## LOS ANGELES, June 15.—Anton

Johannsen, the San Francisco labor-  
ite, was called to the witness stand  
in the Darrow trial this morning.  
Clarence Darrow personally inter-  
rogated, Earl Rogers, his attorney, with-  
drawing temporarily while the ques-  
tions were asked.

Johannsen was placed on the stand  
in an effort to prove that Darrow had  
no connection with the alleged remov-  
al of Mrs. David Caplan from the  
court's jurisdiction during the Mc-  
Namara trial. The witness testified  
that he removed the woman on his  
own responsibility to "get her away  
from the Burns detectives who were  
hounding her."

## DIPLOMAS GIVEN TO FIFTY-TWO GRADUATES

Commencement Exercises End-  
ed in Reception to Newest  
High School Alumni

## BEAUTIFUL MUSIC MARKED PROGRAM

Address on 'What Is Success?'  
Given by City Superintend-  
ent of Schools

Last night twenty-three young men  
and twenty-nine young women were  
given diplomas of graduation from the  
Santa Ana High School. The exer-  
cises were unusually pretty, and was  
followed by a reception that was  
marked by the joyousness of the oc-  
casion.

Yesterday afternoon it was found  
that there had been more tickets is-  
sued than there were seats for in  
Elks' Hall, and the place of holding  
the exercises was changed to the high  
school assembly room. The stage was  
beautified with greenery and flowers,  
among which Shasta daisies were par-  
ticularly noticeable.

The class filed into the assembly  
hall, which was packed, and occupied  
seats at the front. The pretty girls  
in their attractive graduation gowns  
and the many young men presented  
an inspiring picture.

The invocation and benediction  
were pronounced by Rev. J. A. Ste-  
venson, pastor of the First Presby-  
terian church.

The exercises were less formal than  
usual. Throughout the program there  
was an air of ease that too often is  
missing from commencement affairs.  
Valedictorian and salutatorian ad-  
dresses and other essays were not on  
the program. Much of the program  
consisted of musical numbers. There  
was a class poem by Ruel Reed and  
a class history by Miss Beale Mc-  
Cord, each exceptionally well written  
and delivered. The poem was of good  
thought and high merit, fitting the  
occasion. The history reviewed the  
class affairs of the four years' course,  
touching in clever fashion upon some  
of the escapades of members of the  
class.

Musical Numbers  
Displaying unusual skill and touch,  
Miss Helen McKean, a high school  
junior, opened the program with a  
piano solo, Schubert's "Impromptu."

One of the most pleasing numbers  
was the singing of Miss Mary Wilkes,  
Mr. Gustlin accompanying. "The Swal-  
low," by F. Cowen, was well adapted  
to the young lady's beautiful, clear  
voice, which proved a treat to the ear.  
Miss Wilkes responded to an encore.  
Under the direction of Miss Allie  
Hallet Taylor, seven senior girls,  
Misses Mary Wilkes, Alberta Black,  
Genoa Edgerly, Elinor Ritner, Mary  
Hallmark, Margaret McGee, Dorothy  
Harding, sang Mendelssohn's "Spring  
Song," which was sung proved a fa-  
vorite.

Between this chorus and the next,  
came a delightful reading by Miss  
Rose Wilson of Los Angeles, who re-  
ceived an encore.

The second chorus was H. L. Wil-  
son's "Carmena," sung by Misses Al-  
berta Black, Mary Wilkes, Margaret  
McGee and Dorothy Harding, and  
Carson Smart, Charles Tidball, Ruel  
Reed, Emmett Raitt and Gridley  
Smith.

The address to the seniors was by  
City Superintendent of Schools J. A.  
Cranston on the request of the grad-  
uation class.

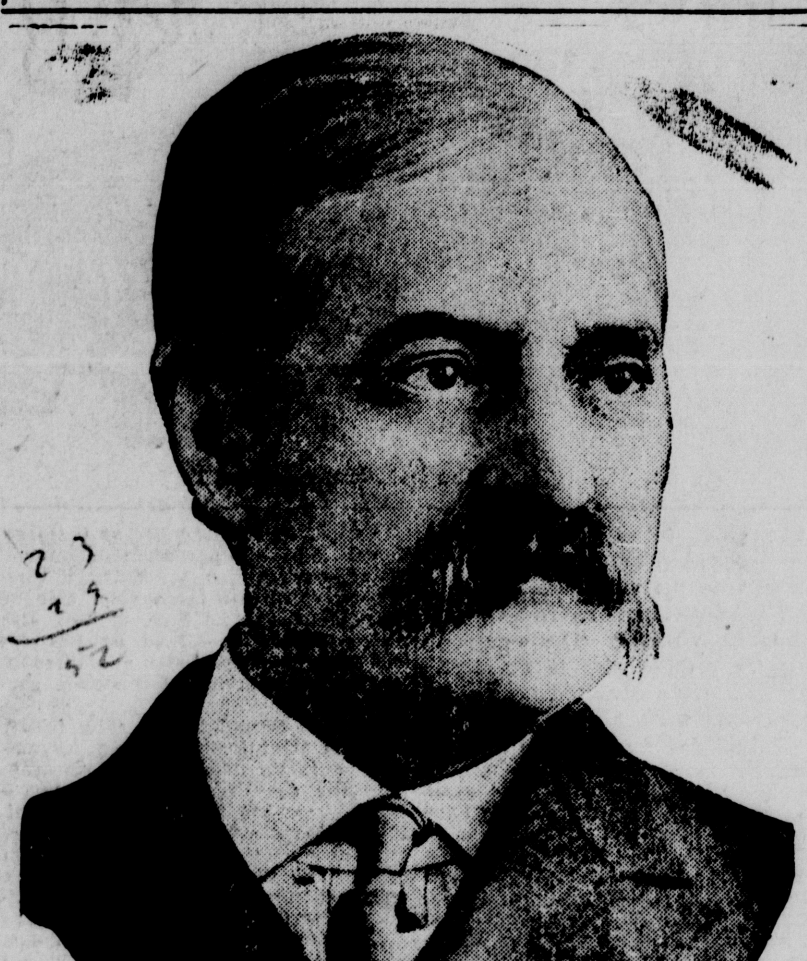

In his opening remarks Superin-  
tendent Cranston recalled that when  
he came to Santa Ana six years ago  
the students who were last night leav-  
ing the high school were students in  
the Seventh grade.

"What Is Success?" was Superin-  
tendent chosen by the speaker. He said,  
in part:

"Every man has his own idea and  
ideal of success. And with almost  
every individual the desire and am-  
bition of a life-time can be compressed  
and expressed in one word, one  
word weighted and freighted with the  
motive and meaning of a whole life."  
"With one man it is cash, with an-  
other character. One individual  
longs for power, while another longs  
for popularity. One craves posses-  
sions, boundless and ever increasing,  
while another is satisfied with polit-  
ical preferment, if he can only attain  
it."

"Every man has his own aim and  
ambition; to attain it is success; to  
fail of its attainment is failure. This  
is the individual's interpretation of  
success. But there is that which  
may be called the popular interpreta-  
tion of success. Success in common  
parlance and in its most common in-  
terpretation and acceptance is sim-  
ply the ability to 'get there.' This is  
success in its lowest interpretation.  
Men of low degree in particular and  
men of all degrees in general, have  
a profound respect for 'get there abil-  
ity.' To have a goal and reach it,  
to aim at the mark and hit it; to  
crystallize thought in action, to bring

## Iowa Statesman Looming Up As A Dark Horse Candidate

SENATOR ALBERT B. CUMMINS.

CHICAGO, June 15.—There were more or less vague rumors afloat to-  
day to the effect that a number of Taft leaders met last night with Senator  
Kenyon to consider seriously the question of uniting upon Senator Cummins  
as a compromise candidate.

Senator Kenyon would neither deny nor affirm the rumor. He intimat-  
ed, however, that the flat refusal of Justice Hughes to allow his name to be  
used in connection with the presidency removed the only serious com-  
petitor that Senator Cummins has for the role of compromise candidate.

It has all along been the plan of Boss Barnes of New York to use the  
Taft delegates to gain control of the convention and then to nominate Jus-  
tice Hughes. To that program he has tied up the delegates from a number  
of states.

Now that Justice Hughes declines to be a party to the deal, the whole  
plan falls through, say the Cummins supporters, unless Senator Cummins  
can be induced to serve.

Senator Kenyon, the Cummins manager on the ground, is devoting  
substantially all of his time to conferences with dissatisfied delegates. It  
was reported to the Cummins headquarters today that he had received  
enough encouragement to cause him to believe that the convention can be  
deadlocked.

things to pass. Achievement, that's  
the word.

"Judged by the standard of mere  
achievement without regard to moral  
quality, Julius Caesar was a suc-  
cess. Judged by such a standard,  
Napoleon was a success. Judged by  
such a standard, there are successful  
men in every community, whose  
friendship would be no compliment  
and whose companionship would be  
a disgrace to any man who claims to  
have the slightest respect or regard  
for conscience or character. The  
man who exchanges power for  
cash, purity for power, principle for  
party or manhood for money, is a  
failure, first, last and always. All the  
money in the United States will not  
make a bad man a success. The  
more money, the greater the failure.

"Success in its highest interpreta-  
tion is this: To make the most of  
yourself and your circumstances for  
the glory of God and the good of man-  
kind; a selfish and self-centered life  
can never be a truly successful life.  
But, 'give to the world the best you  
have and the best will come back to  
you.' To make the most of yourself  
and your circumstances—higher than  
this no man can climb. This is suc-  
cess in its highest interpretation.  
This, only is success. Anything  
short of this is failure.

"My young friends standing on the  
threshold of active life, may it be  
yours to form a high ideal, to be con-  
trolled by a noble purpose, to be  
swayed by a pure and adequate mo-  
tive and to practice that fidelity in  
little things which will give you the  
mastery in whatever station. Be  
your days on earth many or few,  
reaf or stormful, crowned with what  
the world calls success or crippled by  
what the world calls failure, may you  
be able to say at the last: 'I was not  
disobedient to the heavenly vision.'

"Life is a leaf of paper white,  
Whereon each one of us may write,  
His word or two, and then comes  
night.

Greatly begin, though thou have time  
But for a line, be that sublime."  
Not failure, but low aim is crime."

W. A. Bartlett, principal of the high  
school, presented the class, and called  
the graduates stepped to the plat-  
form and was presented with a diplo-  
ma by W. L. Duggan, president of  
the board of education.

After the exercises, the reception  
in the lower hall of the high school  
building was held. The baskets of  
flowers and bouquets were distrib-  
uted, and congratulations were receiv-  
ed by the graduates.

## BURR HARRIS FREED FROM CHARGE OF WOMAN MURDER

LOS ANGELES, June 15.—After be-  
ing out only five minutes and taking  
but one ballot the jury in the case  
of Burr L. Harris, the negro charged  
with the murder of Mrs. William H.  
Haskins at Compton, brought in a  
verdict of "Not guilty."

Harris was arrested twice for the  
crime. The first time, shortly after  
September 6, the day of the murder,  
he was liberated owing to a lack of  
evidence, and the failure of anyone  
to identify him as the man seen near  
the Haskins' home.

## PLATFORM FOR PEOPLE AWAITS HIS APPROVAL

Leaders Expect Roosevelt's  
Presence to Win Many  
Wavering Taftites

CHICAGO, June 15.—The first  
draft of the platform for Theodore  
Roosevelt, if nominated, was com-  
pleted today. It contains a plank  
for the recall of judges, although  
Roosevelt at Columbus declared  
for the recall of judicial decisions  
only. The document is subject to  
change upon Roosevelt's arrival.

Among the participants in the  
platform construction were Kent  
and Johnson of California, Gover-  
nor McGovern of Wisconsin, Pin-  
chot, Garfield, Lenroot and McCor-  
mick. It favors preference pri-  
maries, federal control of trusts,  
downward tariff revision on an  
elaborate basis including the op-  
eration of a tariff board and a con-  
gressional committee to investi-  
gate the effect upon working men  
and industrialists in which the lat-  
ter participants; demands "Social  
justice" in the industrial world;  
woman suffrage; an adequate navy  
and two battleships yearly; oppos-  
es the Aldrich currency plan, but  
favors amendments to the banking  
and currency laws.

CHICAGO, June 15.—Colonel Theo-  
dore Roosevelt arrived here at 4:00  
o'clock this afternoon, and was greet-  
ed by a vast crowd packing all the  
available space. An ovation was ten-  
dered the Republican chieftain. He  
was finally rescued by the police and  
escorted to his hotel.

## TAFTITES TRY TO OFFSET EFFECT OF T. R.'S ARRIVAL

CHICAGO, June 15.—Bad blood  
was displayed today, the police stop-  
ping several impromptu fights among  
the Ohio contestants. In an effort to  
counteract the effect of Col. Roose-  
velt's expected arrival this afternoon  
the Taftites announced a public de-  
dication of their headquarters in the  
Congress Hotel, which will take the  
form of a big rally there tonight. The  
city is in a fever of excitement over  
Roosevelt's arrival. Hundreds of po-  
lice have been detailed for duty at  
the depot when the train arrives.  
Streets are being roped off. A noise  
reception, including bands and other  
stage effects have been arranged.

Why Roosevelt Goes to Chicago  
TOLLEDO, June 15.—"My object in  
going to Chicago is perfectly simple.  
Colonel Roosevelt said passing  
through Toledo this afternoon."

"The actions of certain Republican  
National committeemen show con-  
cerned efforts by professional politician  
to rob the people of the victory they  
have won. I do not feel at liberty to  
refuse to come."

## ESCAPED WRECK NEAR TARRYTOWN, NEW YORK

CLEVELAND, June 15.—Forty-five  
minutes behind schedule the Roose-  
velt train arrived here at 8 o'clock  
this morning, after a near wreck near  
Tarrytown, N. Y. last night from  
boulder obstruction on the railroad  
track. The train is due in Chicago at  
4 o'clock this afternoon. Colonel  
Roosevelt announced that he was pre-  
paring a statement which he would  
issue before reaching Chicago.

## LONGWORTH TO "FIDDLE" VIOLIN TO PROVE MERIT

CHICAGO, June 15.—Nicholas A.  
Longworth, Colonel Roosevelt's son-  
in-law, is scheduled to take part in  
a contest intended to bring out the  
relative qualities of old and new  
violins this afternoon at the annu-  
al convention of the American Guild of  
Violinists.

Mr. Longworth owns a violin made  
by Guarnerius and has studied un-  
der well-known masters. When a  
similar contest was held in Paris last  
year the new violins were victorious.  
The audience voted that they were  
richer in tone than those made by  
the old craftsmen.

## AUTO FIRE TRUCK IS EXHIBITED HERE

This afternoon the new auto fire  
truck bought by the city of Orange  
was on exhibition here. It was loaded  
up with Mayor Ey and local firemen  
and took several runs over the city  
streets. The big machine travels  
rapidly and could reach a fire in a  
hurry. The truck is fully equipped

## GREAT RIVER ON RAMPAGE

Paralyzes Business—Destroys  
Ditches and Dykes—  
Threatens Homes

## NEEDLES, June 15.—With business

paralyzed throughout the Colorado  
river valley, with practically every ir-  
rigation ditch destroyed, and water  
pouring in great volumes through  
gaps in the dykes, the flood conditions  
today are the most serious in the re-  
cent history of the Colorado river.

Blythe, the principal town in the  
Palo Verde valley, is completely sur-  
rounded by water already four feet  
deep, and constantly rising. Boats are  
moving the marooned residents. Ran-  
dall and Olive Lake are threatened.  
Grave apprehension that the Salton  
Sink will again fill is felt.

Several settlements of the Arizona  
side of the Colorado river are threat-  
ened by the rising flood. Fifteen hun-  
dred whites and Indians are working  
between Eldorado canyon and Parker.  
The men are almost exhausted, and a  
call has been issued for more fight-  
ers. Many dropped exhausted while  
at work. The food supply there is  
low. Many homes on the Arizona  
side of the river have been abandon-  
ed. The water is still rising.

## OCCIDENTAL HEAD TELLS OF BUILDING

New Halls to be Constructed—  
He Asks Students to Aid in  
New Dormitory Fund

LOS ANGELES, June 15.—Dr.  
John Willis Baer, president of Occi-  
dental College, has announced that  
contracts had been let for building  
the new Fowler Science Hall, the  
Johnson Hall of Letters and the James  
Swan Hall, and that the construction  
would be begun immediately, to be  
completed by September, 1913. He  
said the endowment fund of the col-  
lege had been increased \$110,000,  
which makes the total productive en-  
dowment of the college \$310,000.

In his commencement announce-  
ments on Tuesday President Baer said  
that he wanted the students to help  
raise enough money to build another  
dormitory. He said that the total

## "California on Wheels, a New and Novel Advertising Scheme"

The greatest exploitation project ever undertaken by any state was localized with the visit here yesterday of J. A. Barry in the interest of "California on Wheels." The enterprise is typically Californian in its magnitude and in the advanced lines along which it is worked out. It involves an expenditure running into six figures, but is so proportioned among representative sections of the state that local participation is made feasible, if the expense is not deemed to be too great.

Fifty million Easterners are reached with this mammoth propaganda plan. With a complete special train of five cars, the charms and attractions of California will be blazoned throughout twenty-one states and all Western Canada. A magnificent concert band, the nucleus of which will be the Gold Medal Long Beach Municipal Band, will be the leading magnet of attraction. There will be used in the advertising features an innovation in the form of a steel exhibit car portraying in miniature California from the mountains to the sea; motion pictures showing life as it moves in the land of perpetual summer; stereopticon slides presenting in various colored views the more vivid side of the Golden State's lure, while the whole will be amplified by lectures and a corps of delegates appointed by the several sections of the state participating.

Along a nine-thousand mile itinerary this attention-compelling organization will journey, everywhere dropping the seed for California immigration and making complete exhibitions in sixty-odd cities. These cities are chosen as the metropolitan centers of the 50,000,000 population and that they are truly so is evidenced by the fact that the combined circulation of the papers published at these points totals 12,000,000 copies, or a reading public of 50,000,000.

The plan of operation is as follows: From every available source a list is made of names of Easterners who through replies to advertising have shown themselves to be interested in this state as a future home. This tour connects up with this vast field of live prospects. A

personal invitation to visit the exhibit car is addressed to each name as the respective address is approached by the "California Special", and on arrival of the train these prospects are the special care of the delegates, twelve in number, appointed for the representative sections of the state.

Five hundred thousand copies of a handsomely illustrated booklet descriptive of the sections participating are distributed to those in a receptive mood after interviews at the exhibit car and also at the main lecture-concert in the evening. This event is carried out along similar scientific lines.

Many community advertising experts throughout the state, from the Bay Counties in the North to San Diego, have hailed "California on Wheels" as marking a new era in population-getting for the state and for specific sections in the state.

When the "California Special" rolls out of the state in September for its sixty-day invasion of the East it will be equipped with a most complete array of the most inviting sections of the Golden State.

ted. These newcomers have made a better market, and consequently better prices for real estate of all descriptions; have made more work and better wages for our artisans and laboring people; have made more business for our merchants; have put more money in our banks and have formed a very important addition to our ranks of "boosters" in bringing others to this wonderful country. Consequently we all have been, and will continue to be benefited by the Chamber of Commerce.

This being the case, is it fair that some should reap these benefits without the expenditure of either time, energy or money, while upon others, in many cases less benefited, falls the burden of all three? Perhaps you have not thought of it in just this light, but really that is the situation.

The members of the Chamber of Commerce are doing the work and paying their dues, while those outside of it are enjoying the benefits equally with them.

The dues of the Chamber of Commerce are only 50 cents a month. It has always been handicapped for a lack of funds. With 500 members a surplus would result which would enable the chamber to undertake many desirable new features of publicity for the city and county. It is really a business proposition for us all, as well as a matter of pride to see that our locality is as well represented as others. If you are not a member, do you not think it is your duty to become one and assist in this work?

Now just a few words as to what the Chamber of Commerce has done, in addition to its constant advertising already referred to:

It was largely instrumental in securing county division, and creating Orange County.

It took the first steps towards the introduction of the beet sugar industry in the valley, which first bore fruit in the Los Alamitos factory and later in our magnificent factories here at home.

It took an important part in securing a sewer system for Santa Ana.

It induced the Southern Pacific to move its depot from Fruit street to its present location on Fourth, giving us practically a union depot.

It kept the Santa Ana and Orange Motor line in operation, through subsidies, until it was finally purchased by the Pacific Electric.

It was the absolute factor in securing the Pacific Electric line from Los Angeles to Santa Ana.

It originated the Carnival of Products.

It secured the extension of Birch Street Park lights for the court-house grounds, advertising signs at the depots and maintains a constant exhibit at its rooms in the City Hall.

It is working now to secure a completion of the double track on the Pacific Electric to Los Angeles, and better depot facilities in Santa Ana on that road, and also important extensions of the line from Santa Ana; to prevent the removal of the duty on sugar and a cut in the appropriation for our forest reserve. To secure early action on a harbor for Newport Bay, and to hold the new state highway on the proposed route through Santa Ana and Tustin.

These are only a few items of its work, merely mentioned to demonstrate the value and necessity of such an organization.

## Republican National Convention at the Coliseum in Chicago

Photo of Taft © by Harris & Ewing. Photo of Roosevelt © by American Press Association.

On June 18 the Delegates Will Meet to Choose Candidates For President and Vice President—It Will Be the Largest Convention Ever Assembled—How the Big Event Will Be Handled.

By JAMES ARTHUR.  
THE Republican national convention of 1912 meets on June 18, the one hundredth anniversary of the beginning of the war of 1812. If this is an omen of anything it is that there will be war in that gathering, a thing so probable that it needs no omen. One of the battles of 100 years ago was at Fort Dearborn, standing where Chicago now stands, thus lending local emphasis to the foreboding. If further proof is needed that there is to be a fight it is furnished by the fact that William Howard Taft and Theodore Roosevelt are the leading candidates. Robert M. La Follette and Albert Baird Cummins are also candidates and are also something in the fighting line.

The convention hall is Chicago's famous coliseum that has seen so many conventions in the past. It is the successor to the coliseum built for the Democratic convention of 1896, when William Jennings Bryan won the nomination by his "cross of gold" speech. The writer was present on that occasion and still remembers the tingle of that oratorical triumph.

For the coming convention the new coliseum is being remodeled and refurnished. This was all worked out on paper long before the convention, and as soon as the building was turned over to the national committee a force of carpenters began to rush the work. Railings were to be put in place, seats arranged and all the thousand and one details to be looked after throughout the vast hall.

Thousand and One Details.  
Another problem has been the decorations. This contract was given separately. The state guidons, festooning of the national colors, display of flags and of portraits all had to be planned carefully and executed quickly.

The printing and giving out of tickets was also a man's job. There are many varieties of these admission cards, as delegates, alternates, national committee, stage, press and visitors in all the various sections of the building must have tickets for each session and each day and for numbered seats. The tickets are under the absolute control of the national committee. Because of the press of visitors the giving out of these passes had to be carefully guarded. The hall seats something more than 11,000.

These represent only the beginning of the details. Elaborate preparations have had to be made for the press. Not only does every important paper in the country send one or more representatives, but the press associations have a large number of men, and there is a small army of telegraph operators, stenographers, messengers and other helpers.

There is also an army of doorkeepers, ushers and sergeants-at-arms. Badges must be supplied, and there are almost as many kinds of these as of tickets. Music must be provided, although this is comparatively simple, since only one official band is stationed in the convention hall. The numerous bands in the streets and hotels come voluntarily or are supplied by various candidates, delegations and marching clubs.

The foregoing covers but a small part of the machinery of the convention. There are many other details, such as doctors and nurses, for possible contingencies. Among these contingencies is not included a free fight, or at least so let us hope. Fighting there will be, but not of the physical variety. Yet there are many accidents that could happen in a convention hall, such as the breaking down of platforms or

are always swelteringly hot. Pack from 10,000 to 20,000 human beings in one building in June or July and it could not be otherwise. The three chief features are color, perspiration and enthusiasm. A great barnlike structure, with girders, pillars and every other exposed projection festooned with bunting and flags; seats arranged in a vast amphitheater, sloping up from the pit in which sit the delegates; guidons on which are the names of the states on long poles attached to delegates' chairs along the aisles; beyond the circle of delegates the chairman's platform, banked with distinguished guests; up aloft in some little cubbyhole of a balcony the band, which keeps up an incessant playing as the delegates and visitors stream in; the audience divided off into sections by railings; perhaps there is a gallery or two away back on the outer fringes of the great hall; everywhere the national colors, in wreaths, rosettes and garlands, flags of all sizes and suspended at all angles; gigantic portraits of famous party leaders of the past—that is the picture.

After going through the press of the crowds, passing the doorkeepers and threading our way through long mazes to our seats we take in all these details one by one or get their effect in mass. The seats are now rapidly filling. Down in the pit there are a few knots of delegates. Soon there is a salvo of applause as some party leader enters at the head of his delegation. This is redoubled as another familiar figure takes his place. Perhaps it is a senator, a well known governor or a popular congressman. Maybe it is only a state boss.

The hour arrives for opening the session, but still there is no sign of the chairman's table. Perhaps it is engaged in some important conference. The delegates and reporters continue arriving, and the band dutifully pounds away at the marches and national airs. Now the chairman suddenly appears at his place. If it is the opening session he is the chairman of the national committee. His gavel whacks like a tant woodpecker. The hubbub and buzz of conversation gradually ceases. The chairman announces that though we do not hear him, but arise because everybody else does. Possibly we catch some echo of the chairman's voice, possibly not. If God deigns to hear him any better than we do the invocation is in vain. Anyway, it is ended, and we are all again seated. Then the secretary reads the call. No body tries to hear this, and the buzz of conversation resumes. Now the temporary organization is announced and the temporary chairman introduced.

Photo by American Press Association.

SENATOR ELIhu ROOT, ADMINISTRATION CANDIDATE FOR TEMPORARY CHAIRMAN, led amid cheers. He is usually an orator with a voice of some carrying power. Consequently we can follow him, at least in spots, and join intelligently in the applause that marks the periods. This is supposed to be a keynote speech, profusely interlarded with praise for our party and abuse of the other, and we cheer both indiscriminately.

Coming to the Climate.  
At the end of the temporary chairman's speech confusion reigns again. The various delegations are now announcing their members of the committees on credentials, on platform and on permanent organization. This does not interest us, and we use our eyes instead of our ears. Likewise we use our fan, if we are so fortunate as to have one, otherwise our hat or a newspaper folded fan shape. The later sessions vary from the opening one, the excitement gradually mounting. The report of the credentials committee brings a clash of oratory and of voting, the permanent chairman makes another keynote speech, the platform is liberally cheered and adopted after several speeches have been made for and against it, and at last the boards are cleared for action. The hour has come for the nomination of a candidate for president of the United States.

In the Chicago convention the call to order will be made by Victor Roosevelt, acting chairman of the national committee since the death of Chairman Hill of Maine. Mr. Roosevelt, though a young man, is editor and owner of the Omaha Bee.

As to the other events of that great gathering up to and including the nomination of the Republican candidate for president—well, I am not now working at the trade of political prophecy. However, I will hazard just one prediction—there will be a fight.

## Beautiful Huntington Beach

A Justly Popular Beach Resort---A Charming Spot for a summer or winter home---A thriving agricultural center

HUNTINGTON BEACH is a combination of almost everything desirable for the home-seeker, sojourner, investor and those on pleasure bent. Its climate is perfect at all seasons of the year; its social and moral conditions are unexcelled; its beauty of location, with superb mountain and marine views, is the delight of all who behold. Besides being a popular beach resort, with fine surf bathing and fishing, modern pleasure pavilion, pier and bathhouse, a superb beach and tightly ocean front bluffs, Huntington Beach is a commercial and industrial center. It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have an hourly car service to Los Angeles the year round, with three flyers daily to Zaperia, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrubbery.

Huntington Beach homes are surrounded by beautiful lawns and gardens, the rich character of the soil and the abundant supply of pure water making it easy to grow anything.

## SUPERVISOR SMITH

Supervisor H. E. Smith today makes formal announcement that he is a candidate for the Republican nomination for supervisor from the first district. His friends feel that his record as a supervisor has been excellent and that he is entitled to re-election. Supervisor Smith is now on his tenth year of service as a county supervisor. Personally he is well known as an honest, upright gentleman. He says that he is prepared to make a clean, vigorous campaign, and will appreciate the support of his friends during the strenuous period from now until the primaries on Sept. 3. Supervisor Smith is a hale, hearty man, a cement and concrete contractor by occupation, and a veteran of the Union Army.

## COUNTY COMMISSION GOVERNMENT

Because of the inactivity of the good citizenship of certain communities operating under the commission form of government, the failure of the new system to realize the expectations of its supporters has been marked in two or three instances. But, speaking generally, commission government has succeeded despite the apathy of those who should be most alert in its behalf. It is true, as this newspaper has frequently pointed out, that commission government as a mere form accomplishes little; it does no more than afford an opportunity for improvement in local government; the civic pride and spirit of the community adopting it must do the rest. It is absurd to expect the commission form to do more for the people than the old form if the people, after adopting it and setting it in motion, turn their backs upon it and expect it to work automatically.

But a sufficient answer to the false assertion that commission government is a failure is to be found in the fact that in New Jersey, where many municipalities have been operating under it, twelve counties have now adopted it. These counties have a population of 2,980,654 out of a total population in the state of 2,537,167. Hudson county is the latest to come in. The nine counties still under the old form of government have altogether a population equal only to one of those—Essex—under commission rule. In other words, four-fifths of all the people of New Jersey are now living under the new system, and the system is being extended constantly.

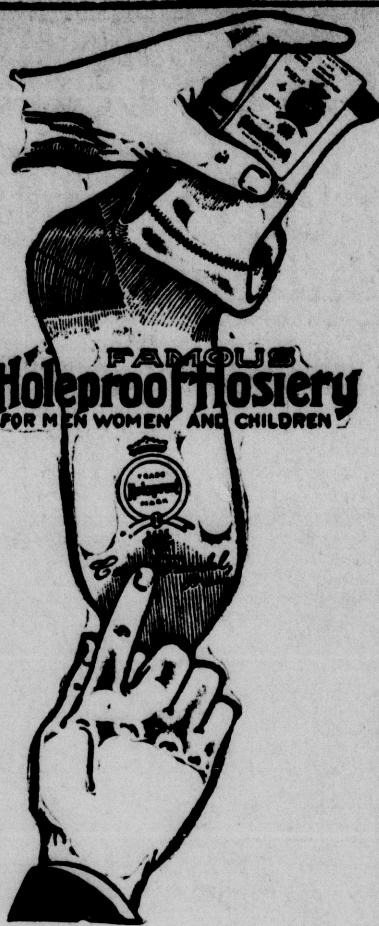

Kansas, also, has a number of communities, great and small, under municipal commission government. Recently, upon the recommendation of the business men of Kansas City, Kan., Arkansas City, Kan., Hutchinson and other cities, the Kansas Development Association at its meeting in Larned adopted the following: "Resolved, That whereas the commission form of government for cities has been such a marked success, and whereas, the same form of government can be successfully used in county affairs, this association favors such legislation as will enable the cities of the first class to consolidate the city and county under one government."

There could hardly be stronger endorsement of commission government than this. It means that in communities where the system has been given a fair trial it is working out to the entire satisfaction of the people. And it is directly in line with progress that, having demonstrated its usefulness in the town and city, there should now be a demand for its extension to the county. Simple, economical and efficient, its appeal is as forceful in the sight of the business man as it is in the sight of the political reformer.—Christian Science Monitor.

## WHY SENATOR ROOT IS OPPOSED

There should be no misunderstanding of the questions involved in the controversy over the selection of Senator Root for temporary chairman of the Chicago convention—a controversy which is absorbing much of the deeper and quieter pre-convention interest. It is not what Senator Root is, but what he stands for, that is the issue.

The case is aptly and admirably put by the Philadelphia North American: "Senator Root is an intellectual giant. His personal honor is unstained and patriotism unassailable. He was a great secretary of war and a greater secretary of state. As he came to our aid in Pennsylvania in 1905, so he rose to the heights in his flaying of Lormer. But he is master architect of the trust, chief adviser for legality for the

unpunishable crimes of Big Business, acolyte of court worship, with justice subordinated to technicalities and alien to all humanitarian legislation and political change feared for any reason by privilege and property. Coupled with all his wisdom and high ability, there is ingrained in his nature a conservatism which puts him out of harmony with the progressive policies which the people and the party and the times demand. Reverence for vested rights is part of Root's character. In all matters of economics, finance and the regulation of corporations he is temperamentally a reactionary, and the man praised publicly by a trust maker and Wall street lawbreaker as 'the first lawyer who could always tell me how to do legally whatever we wanted to do' is not to speak officially for and to the Progressive Republicanism of 1912."

To this the St. Paul Dispatch adds: "Linked with Boss Barnes and selected, if he should be, by orders communicated by Boss Barnes, if afterward confirmed by the president, the office of Root becomes still more incongruous. An acceptance of Root by the Roosevelt following would be a surrender of every claim for support made during the stirring campaign which has just closed."

## CONGREGATIONAL TEAM IS WINNER 8 TO 1

Congregationalists, 8; Presbyterians, 1.  
Last night the mighty Presbyterians met an overwhelming defeat at the hands of the Congregationalists, the score being 8 to 1.  
McPhee's benders were met freely and being bunched with errors, gave the Congregationalists men the game by the one-sided score.

The Presbyterians hit the ball, but poor work on the bases is what spelled their doom.  
This victory for the Congregationalists puts them on even ground with the Baptists and South Methodists.

## ALL OUR CANDIDATES FOR THE BOARD OF FREEHOLDERS SHOULD ATTEND CONVENTION

LOS ANGELES, June 15.—Every Pacific Coast city which at this time has under consideration the construction or adoption of a new charter may profit largely by sending representatives as delegates to the annual convention of the National Municipal League, which will be held in Los Angeles July 8-12. Such delegates will not only have the advantage of witnessing a magnificent exhibit, illustrating all branches of civic and municipal activity, but they will have the added advantage of listening to thorough discussions by many of the ablest men and women in the United States. Indeed they will receive expert advice, free of cost, at first hand. This is an opportunity no Western municipality should overlook, regardless of whether or not it is contemplating any change in its organic law. The points that can be picked up, relative to modern ideas of managing cities, will be of great value.

"Expert city management" will be the key note of the convention, and the papers and discussions will all have a direct and logical bearing, regardless of the particular topic chosen by the speaker. Extreme care has been taken by Secretary Clinton Rogers Woodruff of Philadelphia to see that the program is thoroughly balanced, so as to serve the purpose of stimulating general national interest in the adoption of genuine expert systems of running the people's business in municipalities. Hon. William Dudley Foulke of Indiana will introduce the subject in his annual address, while a report representing the results of two years of specialized study and investigation by a committee of pre-eminent ability will also be rendered.

Among the noted experts to appear may be mentioned the following: Dr. Albert Bushnell Hart of Harvard University, one of the best known publicists of this period; Hon. Wm. Dudley Foulke of Indiana, President of the League, famous as a lawyer, editor and legislator; Hon. Charles J. Bonaparte of Baltimore, former Attorney General of the United States; Clinton Rogers Woodruff, Philadelphia, secretary of the National Municipal League; Prof. William Bennett Munro of the department of government at Harvard University, a recognized expert on the subject of commission government in large cities; Prof. Thomas H. Reed, of the department of government of the University of California; Elliott Goodwin of New York, secretary of the National Civil Service Reform League; Mrs. Caroline Bartlett Crane, of Kalamazoo, Michigan, one of the foremost advocates of higher municipal standards in the country;

M. N. Baker, of Montclair, New Jersey, editor of Engineering News and expert in municipal health problems; Arthur W. Dunn, secretary of the Public Education Association of New York; A. C. Pleydell, of New York, secretary of the New York Tax Reform Association; Prof. Carl C. Flehn of the University of California, a tax expert who had much to do with the creation of the new system of taxation in California; William B. Hadley of the Controller's Office, Philadelphia, an expert on city finances and budgets; Dr. Jesse D. Burks, director of the Philadelphia Bureau of Municipal Research; George Burnham, Jr., of Philadelphia, a budget expert; Dr. F. A. Cleveland of Washington, D. C., an expert on economy and efficiency; Robert S. Binkerd, secretary of the New York City Club, who is a qualified and recognized expert on the subject of excess condemnation, a topic which will be discussed for the first time on the Pacific Coast—a subject concerning which every city should make an investigation; John M. Eshelman, president of the Railroad Commission of California; Dr. Delos F. Wilcox, franchise expert of the Public Utilities Commission of New York; J. W. S. Peters, Kansas City, president of the Kansas City Club; Robert Treat Palne, of Boston, a franchise expert; John Hilder of New York, field secretary of the National Housing Association; Dr. Ernest S. Bradford, Washington, D. C., author of "Commission Government in American Cities"; H. A. Mason, San Francisco, secretary of the League of California Municipalities; Dr. John R. Haynes, Los Angeles, one of the earliest and most forceful champions of direct legislation; Dorman B. Eaton of Harvard University; Chester H. Rowell, a leader in political reform in California; Mrs. Charles Farwell Edson, Los Angeles, who will discuss the subject of woman suffrage; Dr. Ira B. Cross of the department of Economics of Stanford University, author of "Essentials of Socialism," together with many others.

Local committees are arranging for elaborate entertainment for the delegates and visitors to the convention. There will be a round-table luncheon each day at the Hotel Alexandria where club women will act as hostesses. At these luncheons there will be informal discussion in which all will participate. A brilliant banquet is to be given on the evening of Wednesday, July 10.

Automobile trips have been arranged so that all visitors may enjoy the scenic beauties of the districts surrounding Los Angeles from the beaches to the foothills. There will also be excursions to Mt. Lowe and to Catalina Island.

## SEAWEED WILL ADD MILLIONS TO CITRUS FRUITS WEALTH

SANTA BARBARA, June 15.—That millions of dollars worth of value to California's orchards can be obtained by using ocean kelp as a soil fertilizer was the statement made yesterday by Dr. Cyril Hopkins, of the University of Illinois, who is a leading speaker at the State Fruit Growers' convention in this city.

The statement was made in an interview. He said: "Get the kelp to the shore, chop it up so that it can be easily spread. Get it on to the land and plow it under. The action of the elements and the soil will do the rest to liberate from the kelp the organic matter and other plant food that California's soil lacks and needs most."

"That will mean millions of wealth to the California orchardists," continued Dr. Hopkins. "It is simple, but it is real. There is nothing sensational in the plan as there has been in some of the kelp stories published. There is no great cost or other industry in spring up, no factories needed, no great chance for new corporations, but there is vast wealth for the orchardists and an increased orange and lemon crop for California."

No Need of Imports  
"The California fruit growers are importing fertilizers from all parts of the globe. They asked me to come here and tell them what I have learned in my study of soil improvement. They are hunting the world over regardless of expense for materials that will increase their orange and lemon crops and prevent the great strain of constant calls for help and signals of distress, while right at their doors, for the cost of a few miles transportation, there is the very material they need in unlimited amounts."

The entire California coast has kelp beds of millions of tons of that seaweed and the cost of moving it to the orchards of the state would be small."

Plan War on Tree Pest  
Declaring the Mediterranean fly to be the greatest pest that ever threatened the vast fruit industry of California, the State Fruit Growers' Convention at the closing session yesterday adopted resolutions recommending legislation for sufficient inspection of fruit at Hawaiian ports, for increasing the powers of the horticultural quarantine officers as to inspection at California ports and for an appropriation sufficient to carry on research work for the suppression of the fly.

A memorial was also adopted to California's representatives in Congress, urging support of the Simmons bill, the purpose of which is the establishment of a federal quarantine against insects and other pests which threaten horticulture, agriculture and forestry.

A third resolution declares that as the State University farm at Davis, Yolo County, was established for the benefit of all branches of farming that the legislature should provide instruction of value to the fruit growers and not alone for the live stock industry.

The next convention probably will be held in Fresno some time next autumn. The time and place is always determined by the State Board of Horticulture.

## MAKE THE RUN A BOOSTER

Plans For Wednesday's Run Are Well Along—Many Autos Going

The Santa Ana Automobile Club plans to make the run Wednesday a boost for good roads. The club will leave the City Hall at 8 a. m. sharp and expects to have at least 150 machines in line. The course will lie from here to Orange, Anaheim, Fullerton, Whittier, making Long Beach by 12:30. Arrangements have been made with the Virginia Hotel for lunch costing only fifty cents per plate, provided tickets are secured before leaving here, from any of the officers of committee.

On their return trip the party will stop at Westminster and Garden Grove. Every one owning a machine should join this club as the objects of it are to boost for good roads and for their mutual protection against theft. The club officers are expecting that representatives of the different papers will be on the trip and no doubt will have something to say about the condition of the roads in our county.

The pennants that each auto will carry are the property of the club and certainly are very unique. The pennants are a lemon color with dark letters bearing the words "Santa Ana Auto Club." Any one owning a machine and not being a member of the club can join in this run but the luncheon tickets at the Virginia will cost them \$1.00 per plate. Fast driving will not be tolerated.

The run will be headed by H. D. Connell, president of the club, who will strike a pace of fifteen miles over all roads that are not boulevards, so that all machines, be they large or small, can keep their place in the line. A repair car with mechanics will follow the procession so that in case any auto meets with trouble it will be properly attended to and can still follow in the procession.

Any one owning horns are requested to bring them along and not fail to use them for the club wishes everyone to know the autos are coming and to make the first run a howling success. An invitation is extended to anyone owning an auto to join this club and go on this run.

## LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind. He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles."

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be."

I must say that after taking two 25-cent packages of Theodore's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodore's."

## LOS ANGELES HOTEL TO ESTABLISH NEW GYM FOR EMPLOYEES

LOS ANGELES, June 15.—A gymnasium for the purpose of giving bell boys, telephone girls, waitresses and clerks physical exercise so that they will be able to perform their duties in a more efficient manner than heretofore will be established in the basement of the Hotel Lankershim in the near future, says Eaton Washington, head clerk of the hotel.

The gymnasium, although it will be on a small scale, will contain all the apparatus necessary for proper physical training and will be open only to employees of the hotel.

## THE DAY NURSERY

Splendid Ebell Benefaction Has Completed First Year—Report Shows Marked Success

Mrs. W. B. Tedford has furnished the yearly report of the Ebell Nursery which reveals these facts:

The first children were received on June 19, 1911. The occupations of the patrons of the nursery are general house cleaners (by the hour or day), laundresses, gardeners, seamstresses, carpenters, teachers, preachers, ranchers, butchers, fruit packers, lawyers and clerks.

Number families represented.... 63  
Number children enrolled..... 109  
Largest number enrolled any one day..... 18

The nursery has been a success this past year and entered on its new year the first of June. We wish to acknowledge with thanks, the following, for donations: Clothing, Mrs. Hickox, Mrs. D. L. Anderson, Mrs. Pomeroy, Mrs. L. Warren, Mrs. Viola Cramer and Mrs. A. E. Bennett; pies, the "Dragon;" jelly, jam or fruit, Mrs. Davis, Mrs. A. W. Ames, Mrs. D. L. Anderson, Mrs. Albert M. Shaw, Mrs. L. R. Merigold. The United Presbyterian church sent in jelly, peaches and butter; Mrs. Chas. Shaw, cookies; Mrs. Grant, lettuce, beans, peas and turnips; Eunice Zimmerman, books, a chair and play-things, and Mrs. Cramer a book.

**Little Light Bearers' Reception**  
On Friday afternoon in the parlors of the United Presbyterian church, Miss Rosaline Kellogg, the superintendent of the "Little Light Bearers," gave a beautiful reception to the little "tots" and their mothers.

The little ones formed a picture of loveliness as they were arranged in a circle seated on tiny chairs, while a short program of recitations and missionary songs was carried out.

The basket which was to receive the missionary offering was placed in the center of the circle. While all sang, the little ones, following their leader, marched around and with tiny hands dropped their offerings into the basket, their offerings to go to help to extend the kingdom of the great King who loved "little children."

The parlors were beautifully decorated. Cecil Bruner roses and maidenhair ferns being much in evidence. The color scheme of pink was carried out in the little gift baskets, each happy child (there were twenty of them) receiving a pink basket filled with candies and animal crackers.

**Will Hold Picnic**  
The Santa Ana Chapter of the American Woman's League will hold a picnic in Birch Park Monday, June 17. All members of the league are cordially invited to attend, bringing a surprise lunch and their friends.

**Athena Club Progress**  
With the closing of this year's school one of the most successful years of the Athena Club of the High School ended. This year the interest has been kept up until the end because of the splendid programs and the jolly social events.

One of the most enjoyable social functions was the reception given in the lower hall of the high school, May 24. Each girl was given the privilege of inviting a gentleman friend and such a time as they did have! There were more than a hundred present. One of the jolliest events of the evening was the making

## WHERE THE TEACHERS GO

Many Will Remain in Santa Ana—Others go to Summer School, Others to the East

Vacation days are here. Commencement exercises last night closed the city schools for the 1911-12 school year. That the year has been a successful one in all of the schools is shown by the graduation of 52 graduates from the high school at the summer commencement and twelve at the February exercises, with 145 graduates from the grammar schools. This is a good record.

Students and teachers, principals and Superintendent of Schools Cranston, will enjoy a well earned rest during the vacation now opening. Many of the graduates are preparing to go to higher schools of learning and some of the teachers have accepted positions in other schools.

Superintendent Cranston will make Santa Ana his headquarters but with his family will spend many happy vacation days and weeks in the Cranston automobile. Prof. Bartlett of the high school will stay in Santa Ana; Principal Bewick of Jefferson school leaves next week for a summer at Catalina while his family goes for two months' stay at Hingham, Stanislaus County; Prof. Roberts of Lincoln school will stay in Santa Ana; Principal Zieman will also remain in Santa Ana; Principal Mrs. Lillian Whitney of Washington school will stay in Santa Ana until July.

Of the high school faculty Prof. Clayton, Misses Gowdy, Wyant, Taylor, will remain in Santa Ana; Prof. Shaw and Baker will also remain here.

Prof. Hughes and wife go to Oklahoma. Prof. Ratcliffe to Indiana. Misses Arbutnot, Shatto and Davis to Berkeley; Miss Hinkston, Santa Ana and San Francisco; Miss Terrell, San Francisco; Miss Thompson, Michigan; Miss Rea, Anaheim; Miss Arnoldy, Merced; Miss Seelye, Oregon; Miss Michod, Los Angeles; Prof. Collins, Big Rapids, Michigan; Ernest C. Phillips, Tustin; Mrs. Webber, San Jose and Berkeley; Miss Lapum, Los Gatos.

Washington School: Mrs. Nena S. Morrow, Chicago; Miss Loretta Masters and Miss Hinkston will have apartments in Santa Ana, with Mrs. Hinkston visiting them from Canada; Miss Fuller, Tustin and in the north; Miss Jeanette Phillips, Modesto with her parents; Lola Tedford, Santa Ana; Ruby Williams, part of the summer in Santa Ana.

McKinley School: Misses Hazel and Faria Bonnus, Hettie Davis, Ada Borden and Della Wright, summer school at Berkeley. Misses Newcomer and Robinson, Santa Ana and Trabuco; Miss Ella Baxter, Tustin; Miss Artie Cleveland, Santa Ana and the beaches; Miss Grace M. White, San Jose.

Miss Rosa Clausen, Domestic Science, and Miss Myrtle Wilson of Roosevelt school, Berkeley summer school.

Miss Ely, director of music, will attend summer school in Evanston, Ill., a suburb of Chicago. Miss Greenbauer will spend vacation in Minnesota, and Miss Saure goes to Nebraska.

The Jefferson school teachers will mostly spend their summers in Santa Ana with outings here and there. Other teachers have not announced their plans.

**Flag Day Exercises**  
The "Flag Day" exercises given yesterday at the G. A. R. Hall under the direction of Mrs. Clay Kellogg and assistants was a decided success.

A crowded hall of grown people and children showed that more interest was taken than ever before in "Flag Day" exercises. The building of "Old Glory" by the children was certainly an inspiration to old and young.

Decorations of red, white and blue lent a charm to the dining room, along with the delicious refreshments served by a committee, composed of Mrs. Wedgewood and others.

**Wonderful Success of Play**  
After a run of more than seven weeks, in which it has been witnessed by many thousands of people, the "Mission Play" John Steven McGroarty's faithful portrayal of the struggles and hardships of the Franciscan fathers to bring the California Indians into the Christian faith and establish missions throughout the state, is still drawing large audiences to the handsome little mission style theater at San Gabriel, says the Los Angeles Examiner.

The cast remains the same as that which originally appeared in the play, with the exception that Lillian Burkhart-Goldsmith has succeeded Princeton.

A week from Monday will be held the one hundredth performance of the "Mission Play" and plans are being made for a notable observance of the event.

**Farwell Party**  
Mrs. W. W. Crozier, assisted by Mrs. Fred Crozier, entertained yesterday afternoon in honor of Miss Jewel Hickox, who recently graduated from the grammar school. The party was also a farewell to the honoree, as she will leave soon for Caldwell, Idaho, where she is to be the guest of Mrs. Herbert Cleaver during this summer.

The afternoon was delightfully spent with games on the lawn. A novel game of cutting out pictures from magazines representing the necessities of travel was played, at which Miss Laura Davis proved the most deft, thereby capturing the prize, a pretty photograph of Jewel. The prize for a game concerning musical terms was won by Miss Jewel Hickox, she receiving a horn for a prize. Next a game was played in which each guest was blindfolded and told to point out Caldwell, Idaho, on the map. Ruth Hickox came the farthest from the point, and thus received the consolation prize, a lemon through which was stuck a stick of candy.

A delicious two-course collation was served in the dining room, where pink predominated in the decorations. Cecil Bruner roses and maiden hair ferns formed an exquisite centerpiece, and to either side of it through the center of the table was a row of pink-shaded candelabra, while over all fell a rosy light from the similar shaded electrolights above. Pink was also seen in the individual cakes, the white having a pink Cecil Bruner rose on them and the pink ones a white daisy.

Those enjoying the pretty affair beside the honoree were: Helen and Dorothy Hull, Laura Davis, Josephine Harvey, Ruth Hickox, Virginia Russell and Velma Vestal.

**Miss Norman to Play**  
Pomona College commencement week opens this evening with an anniversary recital in the college chapel by the School of Music. President James A. Haisdel will deliver the baccalaureate sermon tomorrow morning, with a communion service following at 4 p. m. Monday will be devoted to receptions, prize debates, farewell to buildings and the promenade; Tuesday will be class day, and Wednesday will be commencement day. A violin solo by Miss Lillian Norman, the only one of Santa Ana's students to graduate from Pomona this year, will be one of the features of the Commencement Day program. Miss Norman will receive a Bachelor of Arts degree.

Doubtless many of former Santa Ana graduates of Pomona will go to the annual meeting of the alumni on Wednesday and attend the annual banquet.

**Hawaiian Dinner-Whist Party**  
A charming affair was the dinner-whist party given at the P. L. Tople home on South Main street last evening. The host and hostess received their guests attired in Hawaiian costumes, and at the 6:30 o'clock dinner covers were marked by means of place cards carved out of bamboo, which had been imported for the purpose. Orange and green prevailed throughout in house and table decorations.

The remainder of the evening was spent at whist. Mrs. L. L. Whitson and George Balderston being awarded handsome prizes. Each guest was presented with a gift from Honolulu, a necklace, which will be greatly prized.

Those enjoying the hospitality of the Tople home were: Mr. and Mrs. C. B. Kendall, Mr. and Mrs. H. H. Reeves, Dr. and Mrs. L. L. Whitson, Mr. and Mrs. Fred Rowland and Mr. and Mrs. George Balderston.

**Was First Graduate**  
D. Edson Smith went to Los Angeles today to attend a reception given by the University of Iowa Association in honor of former President Pickard. The affair opened late in the forenoon at Hotel Hayward and later a ban-

quet was served.  
Mr. Smith had a peculiar right to be present at this social function as he has the honor of having been not only the oldest living graduate of the University of Iowa, but was the first graduate of that institution, receiving his diploma in 1858.

Mrs. D. Edson Smith and her brother, J. P. Hutchins, also were in Los Angeles today, attending the Maine State Association annual meeting.

**Surprised Their Leader**  
Mrs. George Balderston was the recipient of a surprise party yesterday afternoon at her new bungalow home on Pine street. The guests were members of the Woman's Guild of the Church of the Messiah and the Eastern Star, of both of which organizations Mrs. Balderston is an officer. The house was prettily decorated with Shasta daisies which changed to be left from an entertainment of the day previous. Conversation made the afternoon pass pleasantly, delicious refreshments being served by the thirty self-invited guests.

and Their Possible Solution." In the evening at 7:30 Rev. L. H. Koepsel will give the fourth lecture in his series: "Mohammed and His Religion." Everybody welcome.

**First Methodist Episcopal Church**  
Herbert E. Murkett, minister. 9:45 a. m. Sunday school; 6:15 p. m. Epworth League. All other services discontinued until further notice, on account of building enterprise.

**Immanuel Baptist Church**  
Corner Sixth and French. J. H. Scott, pastor. The pastor will preach in the morning on "How to be Channels of Blessing." At the hour of evening service, 7:30, the Sunday school will present their Children's Day program.

A week from Sunday, June 23, this church begins evangelistic meetings under the leadership of Rev. L. D. Lamkin, D. D., one of the leading evangelists of our denomination in the Middle West and South. He is a preacher of rare power and eloquence, and under the blessing of God we look for a glorious season of revival and salvation.

**The Nazarene Church**  
Will hold their preaching services in the Tabernacle, corner of Fourth and Barton, Sunday, June 16, at 11 a. m., 2:30 p. m. and 7:30 p. m. A warm welcome to all.

**First Congregational Church**  
Main and Seventh streets. Rev. Charles H. Seccombe, pastor. Children's Day will be observed tomorrow. In the morning the pastor will preach on "Dreams of Youth." In the evening the Bible school will give a special program of recitations, drills, songs, etc. The choir will sing, "In Humble Faith," by Garrett, and "Savior, Thy Children Keep," by Sullivan.

**Bible Students**  
The International Bible Students' Association meets in the G. A. R. Hall each Sunday for scripture study at 1:30 p. m. "The Relationship of the Father and Son in Judging the Church and the World." At 3:00—The topic will be "The Time of the Harvest," Matt. 13:39-43, and a review of the proofs that many of the "time prophecies" are due to be fulfilled in "The Time of the End." All interested in Bible study are invited.

This is an undenominational movement, and no collections are taken up at any service.

Sunday school at 9:45 a. m.; Wednesday evening testimonial meeting at 7:30 o'clock. Free reading room open daily except Sundays, from 2 to 5 p. m., same address.

**The Bell Theater Show**  
Big shows, and the kind to be seen at the Bell require considerable time for proper publicity. At the present, Manager Roberts is working overtime with his bookings for the present and near future attractions, and while little may be said of the shows for tonight and Sunday, one can depend upon it that the program is worth seeing, for you will find all new pictures and a real good vaudeville act. The Bell is the "High Mark" of picture shows.

## To the Land Buyer

—OUR POTATO, ALFALFA AND CITRUS LANDS, as we predicted, are selling rapidly. Advertisement appeared first in these columns May 22nd. Already a considerable portion has been sold.

The following, which appeared in the Los Angeles Times of May 24th, proves our section to be EARLIER BY ABOUT THREE WEEKS than any other in Southern California, which gives the grower a decided advantage.

"WM. HAKPER, THE POTATO KING, is preparing for the harvesting of his 480 ACRE SPUD CROP. Early Monday morning he expects an output of 300 CARS. He has arranged to transport the Potatoes to St. Louis where a contract for the sale of every pound of the Potatoes is all ready to sign. Hakper expects to clean up \$80,000 on his big harvest." It certainly looks like business to see the great number of men digging

and teams hauling as fine Potatoes as you ever saw. He planted just 90 days ago. What can you do to beat it?

Is it not an easy and quick way to pay for land? Then when you want to quit growing Potatoes, you can plant ORANGES OR LEMONS that in a few years will be worth anywhere from \$1500 to \$5000 PER ACRE. Remember this land is located so you have every advantage—schools, town, churches and transportation; electricity for lighting is now being installed, and surveys for gas lines have been made.

Where else can you buy land with these conveniences—with a water right in a gravity system serving water at 15¢ per inch—as low as \$250 PER ACRE?

See the owners at 505 Fay Bldg., Los Angeles, or call "Phone A 1311, Main 1193. J. F. BALLIET and A. M. JONES.

**FREE TRIP TO SEE THIS PRESS AT WORK**

**WE PAY YOU TO INSPECT THESE HAY PRESSES**

Instead of paying a salesman to show you a small model of a hay press, we will pay your fare to Los Angeles and return, not exceeding \$15.00, to examine our California Special New Century, full circle, all steel, self feed Hay Press and all others on sale there. It makes no difference which hay press you buy, we pay your railroad fare the same.

When you see for yourself how this machine has been built expressly for heavy hauling on the coast, how strong it is, how easy it is on horses, what smooth bales it turns out, you will understand why we make such an offer. It has 7 in. stop-over, pull power, high baling chamber, positive plunger rebound; it stands up to its work, no taking off of wheels. Has record of 30 tons per day. We will ship you one to try. If you don't want it we will pay freight both ways. Write now.

**LOS ANGELES PRODUCE MARKET**

Eggs declined one cent all around yesterday on the Produce Exchange, remaining up only one day. The new range is from 19 to 26 cents for all grades. Butter remained steady at quotations.

The market was fairly well balanced between produce and plentiful commodities. Celery was very scarce, selling on the street at 75 and 85 cents a dozen. Tomatoes were cheaper than they had been any day this week; the market was supplied almost entirely from Imperial Valley. Summer squash and cucumbers were plentiful.

Pineapples were scarce. Shipments are en route from the Hawaiian Islands. Peaches were cheap at 15 to 20 cents a box and fancy royal apricots at 3 1/2 and 4 cents a pound. A whole car of this fancy stock arrived from the north. There were only a few fancy cherries on the market, selling from 10 to 15 cents a pound. Cantaloupes were in limited receipt, the entire consignment from the Imperial Valley, that supplied the market, amounting to less than one and a half carloads.

## La Follette Supporters

It is proposed to organize at once a California branch of the La Follette National League, therefore, every loyal La Follette progressive is requested to send name and address to the La Follette Headquarters, 204 First National Bank Building, San Francisco.

During the past eleven years the trusts have ruled the land, and the cost of living has constantly increased. The people should fight for a change. Enlist under the leadership of Senator La Follette; he understands our problems and can be trusted to make the people's fight. Support him now and then go on to victory with him. If he fails to get the nomination in June, 1912, we must make sure of his election in 1916. Do not delay. Join now.

## ARGUMENT FOR BETTER ROADS

G. O. France Relates Incidents  
to Back His Appeal For  
Work on Highways

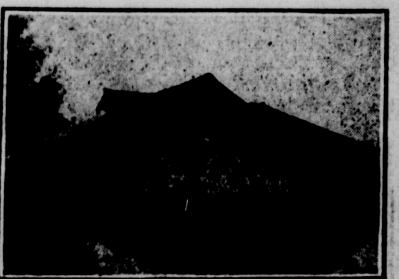

With three instances of where bad roads did him damage, G. O. France of the Arch Beach Heights Co. has made an appeal to the Board of Supervisors to better the main traveled road through the county and the road to Laguna and Arch Beaches.

France states in the letter he has written to the board that recently on one of his frequent trips from Los Angeles to Santa Ana, his automobile struck a chuck-hole between Anaheim and Fullerton and one of France's children was thrown from the automobile, and Mrs. France injured. On the Laguna road, France's automobile went off a grade, and turned two or three somersaults before it came to a stop. The occupants escaped injury by jumping. Returning from Laguna, France found another automobile tied up at the same place.

"Cannot something be done to improve the condition of the roads?" asks France.

warded by J. H. Adams & Co. This was a disappointment as a State representative had stated that the letter would contain the specific points upon which the bonds were turned down. However, the letter contained a general statement to the effect that the appellate court had decided but one point and did not review the entire record in the matter.

Petitions Filed  
Attorneys Tipton & Callor of Anaheim today filed petitions for letters of administration in two estates. H. H. Hawley asks for letters on the estate of Jennette Hawley, who died May 3, 1912, leaving a \$3000 estate in Kings County. The heirs live at Anaheim. P. H. Krick of Anaheim asks for letters on the estate of L. E. Burgess, who died in Minnesota on March 21, 1912. His estate consists of a \$500 interest in a contract to buy land. The heirs live in Two Harbors, Minn.

## BOTH SERVED YEAR IN PEN

Sheriff Digs Up Records of the  
Pair Sentenced Here For  
Bicycle Stealing

Sheriff Ruddock yesterday uncovered events in the careers of Frank Wright and his wife that confirmed his suspicion that they are hardened criminals and have long been following thievery as an occupation. The sheriff went to police headquarters in Los Angeles, where he dug up the records of the pair.

Both Wright and the woman have served a one-year term each in San Quentin. Wright did time in the Sacramento jail for bicycle stealing, and he is wanted at the present time for a felony at San Jose.

The woman is sentenced to three months in the county jail here, and Wright to six months for stealing bicycles. When Wright's term is up he will be turned over to the San Jose officers.

This couple arrived at Orange about two weeks ago, rented a house and began stealing and selling bicycles. They have confessed to the theft of nine bicycles.

NOTICE OF SALE UNDER DEED OF TRUST

Notice is hereby given that under and in accordance with the provisions of a certain deed of trust made June 6, 1910, by M. C. Wilson and Cora Wilson, his wife, of Orange County, California, the parties of the first part, to Orange County Title Company, a corporation, the party of the second part, and Griffith Lumber Company, a corporation, the party of the third part, to secure a certain promissory note of the same date made by said M. C. Wilson and Cora Wilson to said Griffith Lumber Company for the payment of \$575.42 on or before one year after date, and to secure such other promissory notes as might be hereafter made by the parties of the first part to the party of the third part, as therein provided, and to secure such other sums as might become due from the parties of the first part to the party of the third part, as therein provided, which deed of trust was recorded on June 6, 1910, recorded in the office of the County Recorder of the County of Orange, State of California, in Volume 199 of Deeds, at page 256 thereof, and is hereby referred to for further particulars; and on account of default having been made in the payment of the entire principal sum of said promissory note for \$575.42 and of the interest thereon, and of the principal and interest of another promissory note for \$250.00, and interest thereon, and other sums which became due and payable from the parties of the first part to the party of the third part under the provisions of said trust deed amounting in all to \$1557.46, no part of which has been paid; and on demand of said Griffith Lumber Company, and in accordance with the provisions of said deed of trust, and in order to make payment of said amount so due and unpaid, and to accomplish the objects of the trust in said deed set forth, the undersigned, Orange County Title Company, the party of the second part in said deed, will on Monday, July 1, 1912, at 10 o'clock in the forenoon, at the South door of the Court House in the City of Santa Ana and County of Orange, State of California, sell at public auction, to the highest bidder for cash, in United States gold coin, the property in said deed of trust and hereinafter described, or so much thereof as may be necessary to pay said amount of principal and interest on said promissory notes and other sums due and payable under the provisions of said deed of trust, and to accomplish the objects of the trust in said deed of trust provided.

Said property is situated in the City of Santa Ana, County of Orange, State of California, and described as follows: Lot five (5) and the East one-half (E. 1/2) of lot seven (7) in block "A" of the Bonsonet Tract, as shown on a map recorded in Book 24, Page 73, of Miscellaneous Records of Los Angeles County, California.

Subject to a mortgage of \$1500.00, dated October 14th, 1909, in favor of the Orange County Savings Bank, and recorded in Book 25, Page 272 of Mortgages.

In witness whereof, the said Orange County Title Company has caused its corporate name to be hereunto subscribed this 8th day of June, 1912, by its President and Secretary thereto duly authorized by resolution of its Board of Directors.

## BUY THE MICHIGAN

MICHIGAN 40

The frame work of Michigan bodies is extra strong. Solid ash is used. It is heavily braced and the joints are glued and screwed—not nailed. Before the metal is put on the frame is given two coats of a special preparation, both inside and out. This precludes the possibility of moisture gathering and rusting the steel.

The steel is thoroughly examined for rust before being cut for the body, and all particles are removed. The corners are then hand-hammered to shape, and the entire body given two coats of lead and oil before any paint whatever is used. There is left not the slightest chance for corrosion and the resulting cracking and peeling of the paint. The body is then ready for painting.

Many people are constantly telling us that our cars are much finer painted than others. To these we always answer that they ought to be. Why? Because they have six more coats than the average \$2000 car, and because we have been painting fine carriages for thirty years and know how.

Now about the upholstery. On this one feature alone we spend \$15 a car more than other makers that sell at our price. This means \$60,000 for 1912—\$60,000 that instead might have gone into our pockets—had we been looking for immediate profits only.
